

## Information for Volunteers

### **ABOUT YOUTH LEGAL & RESOURCE CENTRE**

Youth Legal & Resource Centre (YLRC) is a member of AdviceUK and has been providing free legal advice since its foundation in March 2013 and has an office at Ashburton Youth Centre in Roehampton.

We help vulnerable young people and their families giving free specialist independent legal advice in Housing/Homelessness, Community Care, Immigration, Debt and Money Advice and with a focus on those young people with disabilities, care leavers and carers and families with children. We take a holistic approach, looking at all the problems a client presents with. We aim to provide an advice service in the above areas of law, backed-up by representation in Court or at Tribunals if necessary.

Youth Legal also provides a legal advice line so people or advisers can get advice over the telephone on a range of legal issues. Additionally, Youth Legal provides 2<sup>nd</sup> Tier advice to other local organisations on legal issues. It is accountable to the local community through its Management Committee, which comprises representatives from local people, groups and agencies.

We are building a Peer Advice Volunteer Project to assist young people to find the right services they require and to help in contacting and making appointments.

We provide public legal education to young people and advice workers through training sessions and seminars and creating a project of Peer Trainers. We will achieve this by working with the already existing youth services in the area thereby avoiding duplicating services.

We strive to concentrate on more complex cases which are beyond the expertise of other local groups. We are not a generalist advice agency and cannot undertake work, which falls outside our specialisms. We advise clients by appointment; we do not normally run drop-in sessions but can do outreach and home visits. We will give advice on the telephone and accept referrals from other agencies but unfortunately cannot at this time take on client's who are not eligible for Legal Help/Aid or do not fall under one of our Grant Funder's criteria.

## **PRINCIPAL AREAS OF WORK**

### **Housing**

We provide assistance and representation in court for tenants facing possession proceedings and failed homeless applicants to both public and private sector tenants. This includes advice on rent arrears, illegal evictions, and Landlord harassment etc. At present we do not have funding for and regret that we cannot normally provide face to face advice on such matters as routine housing transfers, mutual exchanges, right to buy, housing waiting lists, improvement grants, Leaseholders' enquiries and neighbour disputes Security of Tenure, e.g., advice on signing Tenancy Agreements but may do by phone. In common with most not for profit agencies, we cannot undertake to advise landlords.

### **Community Care**

Youth Legal represents clients from the local community who have issues with regard to community care provision. Any issues relating to social services and their service provision to the disabled, elderly and minors.

### **Debt and Money Advice**

We provide Money and Debt advice on priority and non-priority debts issues such as credit debts, rent arrears, council tax arrears, utility bill arrears, etc., income maximisation and financial capability for young people.

### **Immigration**

We provide legal advice for young people and families with children who do not have leave to remain or need to obtain settled status or apply for British nationality. We aim to regularise young migrants' immigration status so that they can resettle in safety and rebuild their lives.

### **Welfare Benefits**

We give basic, non-specialist advice on welfare benefits issues relating to disability, employment support allowance, housing benefit and rights of residence in relation to our Housing and Community Care cases. If specialist advice is required, we will refer out.

## **VOLUNTEERING POSITIONS**

We want to make sure young people between the ages of 16-25 are at the heart of our organisation and have input on how it is run, what services are available (within our remit) and how those services are accessed.

There are at present two different projects now running and two we are seeking funding for that we need volunteers to work on.

1. Office work both admin and legal
2. Youth Advice Network
  - Website and stationery/leaflets design
  - Helping people find the services they require in the area

3. Youth Social Media assistant
4. Youth Public Legal Education presenters (funding being sought)

We want to make sure young people in the area have the opportunity to shape the services and have a voice in its development.

This means there are several types of volunteer opportunities in:

- Admin assistant
  - Legal assistant
  - Youth Peer Advisor
  - Social Media Assistant
  - Management Committee member/Trustee
-
